## PROFESSIONAL EXPERIENCE

---

**StableOne Software Pvt. Ltd (formerly Agpaytech India Pvt. Ltd)**

Jan 2020 – Present

*Senior Frontend / UI Developer*

- Lead UI development for fintech platforms — ATLMoney.com, ATLPay.com, Remitall Software.
- Supported Angular developers by providing UI improvements, styling fixes, and UX feedback for the ATLPay payment platform.
- Built complete responsive UI for ATLMoney.com independently using HTML, CSS, JS, Bootstrap 5.
- Developed multiple internal React.js admin dashboards and data-driven fintech tools.
- Improved accessibility, site performance, and SEO across enterprise fintech products.
- Collaborated with backend teams for REST API workflows and UX optimization.
- Mentored junior UI developers on frontend best practices and component-based coding.

**OneO Solutions Pvt. Ltd**

2016 – 2019

*UI/UX Designer*

- Designed responsive layouts using Photoshop, Illustrator, Adobe XD.
- Converted static designs into HTML, CSS, and jQuery-based UI.
- Ensured pixel-perfect UI implementation across browsers.

## ACHIEVEMENTS

---

- Delivered 15+ production-ready UIs across fintech healthcare domains.
- Led complete UI build for ATLMoney.com, ATLPay.com, 1Homes.com, Agpaytech.com.
- Modernized legacy HTML UIs into scalable React.js applications.

## SELECTED COMPANY PROJECTS

---
