SUMMARY

I am a creative and detail-oriented UI/UX & Front-End Developer with over 8 years of experience in building responsive, user-centric web applications across fintech, edtech, and product-based domains. I am proficient in React.js, HTML5, CSS3, JavaScript (ES6), and design tools like Figma and Adobe XD. With a strong understanding of component-based architecture and modern design systems, I excel at translating business needs into intuitive and optimized interfaces
